

Hyde No.4 President's Cask - Rum Finish       

Hyde Whiskey comes from Presidential heritage and is committed to uncompromising quality and provenance.

The 100% malted barley whiskey is distilled in a single distillery and the casks are treated individually and according to their unique characteristics.

Small ex bourbon casks are heavily charred whilst sherry butts are gently toasted to retain more of their gentle flavours.

Small batch and non chill filtered Hyde Whiskey retains more flavour and the craft and patience that go into its production is fully enjoyable.
