Other Info:

Founded in 1870 in Alsace, Distillerie G. E. Massenez remains today one of the last family-owned firms dedicated to the production of traditional, top-quality eaux de vie (fruit brandies) and liqueurs. It is in fact this dedication to the 'distillerie artisanale' which led Eugène Massenez to develop a formula for raspberry eau-de-vie and make it commercially available to an appreciative public worldwide. The distillation method is still a closely guarded family secret.
