Description: The nose is pretty and delicate, just hints of hedgerow flowers. The flavours are nuanced and refined rather than overt, these are not demonstrative grape varieties and need gentle handling to maintain the delicate flavours and freshness. Careful use of oak adds texture and vinosity to this very drinkable white.

Food / cocktail match: This wine would make a nice aperitif. If you're eating, choose something that mirrors the wine's delicacy. Simply prepared fish would do the trick.
