Other Info:	Emilio Lustau was established in 1896 and was initially a small family concern until the founder`s son-in-law placed it on a business footing. The firm is perhaps best known as pioneering the Almacenista system, whereby individual dry sherries are produced from small private holdings. These are bottled under Lustau`s name but with the

individual bodega's name on the label as well. Today they are amongst the most sought after Sherries in the region.
