Other Info:	

OWC

64% Merlot 36% Cabernet Sauvignon

Château Duhart-Milon's second wine is selected on the same basis as the "Grand Vin". In general, the grapes are from the younger plots in the vineyard. Moulin de Duhart has several characteristics similar to the grand vin, but with less potential for ageing as its barrel ageing period is shorter. It should be consumed younger than its more robust counterpart. The origin of the name comes from the former presence of a windmill on the Carruades plateau, next to the Duhart-Milon vineyard.
