THE PERFECT SERVE

We eschew the modern trend for gin balloon glasses. The overkill of ice dilutes a great gin and numbs your lips as the cubes continually bump them. We prefer a classic hi ball or, controversially, a martini glass, for a truly elegant experience. Mix one part Sky Wave Gin to three parts tonic. We advise a neutral and not too sweet tonic to avoid distracting from the fabulous taste of the gin. Garnish with ruby grapefruit and juniper berries. Sip and plan your next adventure! Our favourite cocktail is a Sky Wave 75. Discover the recipe and more about us on our website www.SkyWaveGin.com

Other Info:

Sky Wave Gin is a true hand crafted gin, distilled in ultra-micro batches by real people, Rachel and Andy, who are passionate about creating exceptional gin. The "hearts" are cut by taste not machinery, each bottle is hand labelled with the distiller's name and a tasting note. This ensures every one of our Sky Wave Gin bottles is unique. We created our gin after a visit to the sea on our wedding anniversary inspired us to fuse our love of gin with our appetite for adventures.
